Association and Sectional Meetings

Tuesday, December 3, 2013 at the Ohio 4-H Center

Annual Conference

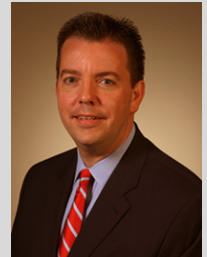

Wednesday December 4, 2013 at the Ohio Union

Keynote Speaker for the Annual Conference

Dr. Marshall Stewart

Director, North Carolina Cooperative Extension

MOVING FORWARD

As Cooperative Extension approaches its 100 year celebration, we have the chance to reflect on our past, promote who we are today, and position ourselves for the future. In his keynote, Dr. Stewart will challenge participants to think about what could be and should be for the future of Extension in Ohio and across the nation.

A breakout session will also be available: "Moving Forward in Challenging Times" will focus on the importance of knowing how to frame what you do and the impact you make with current and potential stakeholders to ensure that local, state and federal support for Extension remains strong.

Eager to register?

The target date for online registration has been shifted to **October 28** to allow for unanticipated technical problems...
