## Agriculture and Natural Resources

### AREA VITICULTURE ADVISOR Serving Madera, Merced and Mariposa Counties

Across California, the University of California's division of Agriculture and Natural Resources (UC ANR) is an engine for problem solving. Serving as the bridge between local issues and the power of UC research, our more than 300 campus-based specialists and county-based advisors work as teams to bring practical, unbiased, science-based answers to Californians.

We seek an academic advisor who can conduct a multi-county-based extension, education, and applied research program with a focus on wine, raisin, table, and concentrate grapes. A minor responsibility will be kiwifruit and berries.

We seek a Cooperative Extension Advisor who is:

- An innovative researcher, who can develop an applied research program, evaluate programs, and report accomplishments, results, and potential or actual impacts to scientific and lay audiences;
- An educator, who can facilitate interactions and information exchange among campus based academics, CE advisors and community stakeholders;
- A collaborator, who can develop partnerships and leverage resources to strengthen and expand the local delivery of statewide programs.
- A visionary, who can complement UC ANR's Strategic Vision, optimizing opportunities for conducting outstanding research and extension programs that meet the needs of Californians.

For information about UC ANR, the rich breadth of program scope and delivery, and how we are making a difference in California, candidates are invited to visit our Web site at: <http://ucanr.edu/>

**Madera County**, the headquarters for this position, is located in the heart of California's Central Valley. Madera County has a rich agricultural tradition which coexists with a growing industrial base. With a direct link to the research base of the University of California, Cooperative Extension continues to meet the dynamic needs of this tri-county region. Please visit - <http://cemadera.ucanr.edu/>, <http://cemerced.ucanr.edu/>, and <http://cemariposa.ucanr.edu/> for more information about this area.

This position is an academic career-track appointment; a minimum of a Master's Degree is required, though other advanced degrees are encouraged, in disciplines such as viticulture, soil science, horticulture, plant physiology, or a closely related field. For a full position vacancy announcement, application procedures, and more about what makes UC ANR a great place to work, please visit [http://ucanr.edu/Jobs/Jobs\\_990/](http://ucanr.edu/Jobs/Jobs_990/) or contact Karen Ellsworth at [kaellsworth@ucanr.edu](mailto:kaellsworth@ucanr.edu) and refer to position listing **AP#13-17**. To assure full consideration, application packets should be submitted to [ANRacademicsearch@ucop.edu](mailto:ANRacademicsearch@ucop.edu) by **July 7, 2014**.

The University of California offers an attractive benefits package. For more information, please visit the UC Benefits Web site at: <http://ucnet.universityofcalifornia.edu/>

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, age or protected veteran status.

As of January 1, 2014, ANR is a smoke- and tobacco-free environment in which smoking, the use of smokeless tobacco products, and the use of unregulated nicotine products (e-cigarettes), is strictly prohibited.
