### About the PhD Leadership Development Program

The PhD LDP is a competitive, 2-year program that develops **high potential PhDs** into future leaders within BASF.

LDPs complete three **8-month rotations** (or one 3-month summer internship) across BASF sites, industries, and job functions, gaining a diverse skillset and expansive network along the way.

### The value of the LDP:

- Build YOUR unique resume, network, and brand
- Discover new opportunities within industry
- Develop your leadership skills
