

COMPAS RELIGION

Philip Kitcher & David C. Lahti

Science, Religion, and Democracy

APRIL 12, 2018

3:30 p.m. to 5:00 p.m.

11th Floor,

Thompson Library

The Ohio State University

What is religious belief, and what is its proper relationship to scientific inquiry? Do science and religion represent incommensurable worldviews? If so, then how can people relate to one another as fellow citizens across that divide? If not, then how can we pursue a more constructive dialogue between religious and non-religious people? Should secularism be the “default” position in public debate about scientific issues?

co-sponsored by the Christian Graduate Student Alliance, Veritas Forum,

and Science and Theology for Emerging Adult Ministries (STEAM) project supported by the John Templeton Foundation
