**Cost for the 3 session workshop \$200 for the course, \$30 for the book = \$230 total registration fee.  
(Class requires 10 registered participants to be held, refunds will be given if cancelled.)**

The Graduate Record Examinations (GRE) is a standardized test that is an admissions requirement for many graduate schools in the United States. The exam aims to measure verbal reasoning, quantitative reasoning, analytical writing and critical thinking skills that have been acquired over a long period of time and that are not related to any specific field of study. The GRE General Test is offered as a computer-based exam administered by selected qualified testing centers.
