## **BAT RESEARCHER POSITION**

Jackson Group is seeking qualified applicants to fill the full time position of Bat Researcher. Qualified applicants should possess a Federal Endangered Species permit for Indiana bats. We are looking for a bat researcher who feels they are exceptional project managers when it comes to bat surveys as well as other threatened and endangered species projects. You will excel in this position if you are able to provide strategic task management, have excellent writing and grammatical skills, thrive in challenging environments, are willing to travel for extended periods of time, and are passionate about conducting/managing bat surveys and radio telemetry projects.

### **Minimum Qualifications:**

- A federal endangered species permit for Indiana Bats.
- Enthusiasm, integrity, and health to perform field work throughout the night in potentially uncomfortable settings. (Darkness, weather, etc.)
- A working knowledge of federal and state environmental regulations for compliance and permitting.
- Deployment and maintenance of acoustic monitoring devices for ground-based stations and elevated masts/towers.
- Acoustic data analysis
- Ability to manage and conduct radio telemetry projects.
- B.S. or M.S. degree in wildlife related field.

### **Salary:**

Commensurate with experience and qualifications.

### **Location:**

Richmond, KY, Columbus, OH, or Charleston, WV offices.

### **How to Apply:**

Please send CV or resume to J.D. Wilhide ([jwilhide@jacksongroupco.com](mailto:jwilhide@jacksongroupco.com))

### **Submittal Deadline:**

31 December 2013

### **Jackson Group's Mission:**

While the work we do is highly detailed and complex, our mission is simple...be exceptional. In our company culture, we value doing your best all the time, doing what is right even when it may be harder, treating everyone with respect, and building relationships. If this sounds like a culture you can thrive in, we look forward to hearing from you.
