

WEST CENTRAL OHIO ASSOCIATION FOR GIFTED CHILDREN

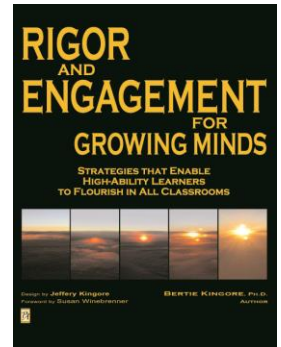

Presents:

“Differentiating with Rigor and Engagement: Practical Applications”

Featuring: Bertie Kingore

Friday, September 25, 2015

“Current research transforms education's focus from merely mastering content toward a major concern for rigor, relevance, depth, clarity, and understanding how instruction influences continuous learning and future lives. With humor and fast-paced ideas, investigate joyful, challenging strategies promoting a rigorous learning environment for all students while stimulating opportunities for the autonomy, cognitive skills, and complexity advanced students require in high-level learning cultures. Explore the five instructional priorities that foster rigor and engagement for all students while integrating standards with intellectual integrity. Participate in refreshing ways to engage high-ability students so they are motivated to exert the effort required to reach higher achievements. Exit with timesaving techniques and relevant applications characterized by low-preparation and high-impact so students' minds flourish without overwhelming teachers.” <http://www.bertiekingore.com/index.htm>

***Be inspired and ready to challenge your strongest learners! Develop new differentiation skills!
Collaborate with other teachers and gifted specialists!***
