present

ODE Gifted Update and STEM Schools Presentation

In the morning, the Office for Exceptional Children is pleased to present the following upcoming Regional Meeting related to Gifted Education. The agenda for the morning session includes a discussion on the new version of the Gifted Operating Standards and how that impacts all requirements for Gifted Education.

For the afternoon session, Brian Coffey (Principal) and Ian Davis (3rd grade teacher) from Reynoldsburg City Schools (Herbert Mills STEM Elementary) will be presenting regarding STEM schools, their journey, their school model and more.

Friday, March 17, 2017
