

Love Science? Going into 8th Grade? JOIN US for Camp

(B-WISER) BUCKEYE WOMEN IN SCIENCE, ENGINEERING AND RESEARCH INSTITUTE

June 11-16, 2017 College of Wooster, Wooster Ohio, where state of the art science labs will engage the girls in science and research.

There are no tests or textbooks! Fun experiments and building help you learn more about chemistry, physics, LEGO robotics, earth science, life science and model-robotics. Students will be team taught by certified science teachers from all over Ohio! Prominent scientists share their enthusiasm for science in areas such as word engineering, boomerangs, energy conservation and physics in the evenings. Friday starts out with a FIRST LEGO League type competition and ends with the closing ceremony at 1.

Our camp enjoys the comforts of dorm room living and delicious food in the nearby cafeteria as well as having tasty snacks! Sign up by going online:

Bwiser.spaces.wooster.edu

deadline – April 20. Cost - \$475 Scholarships are available

or questions email Mary Kilpatrick – mkilpatrick@wooster.edu

This program is not sponsored by any school district.
