- ☞ *Designed for those with little or no background in gifted education*, the Fellowship allows participants to
  - ✓ live on campus for a week;
  - ✓ collaborate with others who share their commitment to learning about gifted and talented learners;
  - ✓ develop deeper understanding of research-based strategies that facilitate authentic talent development among gifted students.
- ☞ Review the program at [belinblank.org/fellowship](https://belinblank.org/fellowship).
- ☞ Share [Fellowship brochures](#) with appropriate colleagues.
- ☞ Selection of the **twelve (12)** Belin-Blank Fellows is based on
  - ✓ a review of applications submitted [online](#) by **April 18**, and
  - ✓ the statements of support from administrators, also [submitted online](#) by **April 18**.
- ☞ Fellowship includes
