

# NATIONWIDE CHILDREN'S

*When your child needs a hospital, everything matters.<sup>SM</sup>*

## Protocol for admitting Patient from the Dental Clinic

**1. Discuss the patients, History, Clinical findings & reason for admission with the attending on the floor**

**2. Once admission is justified - Resident or the attending on the floor can call the operator at (614 ) 722- 2000 & ask to speak to the ID attending on call for that day**

**3. Have the patients Name, MR #, brief history, reason for admission & a tentative plan of management ready when you speak to the ID attending on call and request for admission**

**4. Patient needs to be discharged from the dental clinic and sent to NCH main campus in house patient registration desk**

**5. Resident as soon as the patient is registered should write the notes with plan in the **In House chart progress notes, speak to the floor nurse & the resident/fellow from admitting unit of the plan****
