

# NATIONWIDE CHILDREN'S

*When your child needs a hospital, everything matters.<sup>SM</sup>*

## **PROTOCOL FOR IN HOUSE PATIENT DENTAL CONSULTS**

**Consults should be requested in EPIC by the admitting team/speciality and sent to the dental consult recipients list.**

**Dentistry will contact the referring specialty to determine whether the consult will happen at bedside or in the NCH Main Campus Dental Sedation Clinic.**

**If the patient requires a more comprehensive exam or radiographs & the patient is ambulatory, an appointment will be made the same day or the next day at the NCH Main Campus Dental Sedation Clinic.**

**If the patient requires dental treatment, depending on the extent of treatment required, cooperation for treatment and health issues, appointment will be scheduled for treatment in either the NCH Main Campus Dental Sedation Clinic or under general anesthesia.**
