

## The Physics Department Development Funds

---

- **301915** The Physics Building Fund: Contributions and Expenditures related to the PRB
- **310865** Physics Commons: To create and maintain an area in the PRB which will be conducive to student/faculty interaction
- **302325** Physics Chairman's Discretionary Fund Provides the chair with the flexibility to fund small but urgent academic and research priorities as well as the ability to host important community building events within the department
- **302347** The Graduate Physics Fellowship Fund: Fellowships are key to attracting the very best students. With tuition, fees and stipend, the yearly cost is nearing \$40,000.
- **308686** Physics Senior Alumni Award Fund: Reward Outstanding Senior Physics Major
- **309552** Helen Cowan Memorial Fund: Support of Undergraduate program in Physics
- **312254** Physics Graduate Research Fund: Provides support for research and related expenses for Graduate Students in Physics
- **312405** Undergraduate Women in Physics Service Scholarship: Scholarship on basis of commitment to Physics/Engineering Physics and Physics Dept. Service to Physics community and demonstrable financial need.
- **312606** The Physics Undergraduate Research Fund: to provide scholarships supporting undergraduates doing research with a faculty member in Department of Physics
- **312762** The Physics Faculty Research Support Fund: Funds to help with startup equipment for new faculty are urgently needed. A startup package for a single new faculty commonly reaches \$1M.
- **312844** Gregory E and Carol M Steele Fund: To support computing and network infrastructure in PRB.
- **313441** Physics Outreach Fund: support community and school outreach for the Dept of Physics, including visit, demonstrations and other activities to promote Physics.
- **313519** CCAPP Support Fund: To support the OSU Center for Cosmology and AstroParticle Physics
- **313697** The William R. Riley "Excellence in Teaching Physics" Award – to award graduate students for teaching excellence in recitation or lab sections of course sequence Physics classes

- **605783** Physics Dept Equipment: Income and Principal, if needed, is used at the Discretion of the Department of Physics Chairperson
- **605784** E. Leonard Jossem Physics Education Advancement Fund: support graduate level students in college of NMS who are conducting physics education research
- **607394** Undergraduate Physics Research Endowment Fund – Income provides Undergraduate Scholarship support for one or more students.
- **641643** The Dr. David C. DeMartini Endowed Fund in Physics: provides scholarships for undergraduate or graduate student majoring in Physics
- **641080** The Robert P. Caren Family Endowment Fund: Stipends for undergraduate students who are conducting research supervised by members of Physics faculty.
- **644728** McMaster Physics Research Fund: Income provides research support for a distinguished senior faculty member
- **647470** The Angela Marie and Mary Francis Valentino Physics Academic Achievement Scholarship Fund: Scholarships for highly talented prospective and/or current undergraduate physics major- renewable for four years with satisfactory progress.
- **661080** The Bunny and Thomas Clark Scholarship Endowment Fund: Supports Educational Diversity at the university; Desire for the scholarship to be awarded with attention to Female Student enrolled in Dept of Physics
- **664159** The Dr. Clifford Heer Graduate Student Scholarship Award Fund in the Dept of Physics: annual scholarship awards to graduate students studying physics
- **664576** Harold McMaster Scholarship Fund in Physics: Scholarship support to high ability undergraduate students from the state of Ohio who intend to major in physics
- **665932** Dr. Pliny A. and Margaret H. Price Endowment Fund in the CCAPP – provide cash award to support promising your scholars visiting the CCAPP
