

The Gordon Aubrecht Physics Laboratory

*Artist's rendering of Ohio State Marion
Science & Engineering Building*

*Construction progress
as of October 2016*

Dr. Gordon Aubrecht taught physics for 43 years at The Ohio State University, primarily on the Marion campus. Sadly, he was recently diagnosed with stage 4 cancer. To honor his legacy of teaching and the impact he made on our campus, we ask friends, colleagues and former students to contribute to achieve the \$200,000 goal to name the physics laboratory for Dr. Aubrecht in the new science and engineering building. The building is currently under construction and slated to open in July of 2017 as the newest addition to our Marion campus. If you can make a contribution to honor the legacy of Dr. Aubrecht, please contact Dave Claborn at claborn.17@osu.edu, by phone at (740) 725-6360, or fill out the form on the back of this document and return it to us. Thank you.

DESIGNATION:

I (we) wish to support the naming of the physics laboratory in the Ohio State Marion Science & Engineering Building for Dr. Gordon Aubrecht by donating to Ohio State fund number 315649, the **Dr. Gordon Aubrecht Honorary Fund**. Upon reaching \$200,000, this fund will allow for the naming of the physics lab for Dr. Aubrecht. If funds do not reach \$200,000, another appropriate space may be named for Dr. Aubrecht in the Ohio State Marion Science & Engineering Building. Any excess funds may be used to provide for current use scholarships or toward a scholarship endowment for STEM majors attending The Ohio State University at Marion.
