

Learn LabVIEW Workshop

A Free On-Campus Training Course for The Ohio State University

If you're new to programming with LabVIEW or looking to improve your existing skills, this free hands-on course introduces you to graphical programming with LabVIEW system design software. You'll learn fundamental skills to develop data acquisition, instrument control, data logging and measurement analysis applications as well as have an opportunity to take the Certified LabVIEW Associate Developer (CLAD) exam, a globally recognized entry-level certification exam, for free.

Date: 01/25/2017 – 04/05/2017

Time: Wednesdays 5:15pm-7:15pm

Location: Smith Lab – Room 1005

Cost: **FREE** (A \$3,200 value)

Duration: Weekly, 2-hour sessions

Info Session: 1/18/2017 – 5:30pm Smith Lab 1005

LabVIEW provides tools to solve today's problems—and the capacity for future innovation—faster and more effectively.

Course Highlights

- Free on-campus training delivered by Certified LabVIEW Associate Developer (CLAD) student instructor
- Learn the essentials you need to successfully build an application requiring measurement or control
- Hands-on learning in a classroom environment
- Opportunity to take the CLAD exam free of charge (a \$100 value)

Space is limited. Register today at <https://learnlabview-osu-spring2017.eventbrite.com>
