

# ALMA Cycle 7 Proposal Workshop

Friday, March 29, 2019, 9am - 5pm  
McMaster Hall 4009, University of Toledo

In advance of the ALMA Cycle 7 Call for Proposals, ALMA Postdoctoral Ambassadors will be hosting Proposal Workshops at University of Toledo. The workshops will provide potential users with the knowledge needed to propose for and carry out cutting-edge scientific research using ALMA. No experience with radio astronomy is required to participate!

This free workshop provides:

- ☐ An overview of ALMA capabilities & science highlights
- ☐ A brief introduction to radio/sub-mm interferometry
- ☐ Guidance on observation planning
- ☐ Hands-on tutorials designed to assist you in proposal preparation and data simulation

Register for free (includes lunch) at [bit.ly/ALMAworkshop](https://bit.ly/ALMAworkshop)
