# Attention Returning Physics Researchers

## Arrivals Area

This room (Conf. Room 1136) has been designated to serve as an arrivals area for persons who do not have their own thermometer to take their mandatory daily temperature reading.

The room is keyed to allow any grad student, staff, or PostDoc to unlock the north door. Some PPE, cleaning supplies, the IR Thermometer, and instructions are provided.

## Receiving Area

This room is also serving as a pick up point for received packages. If you have ordered an item, please check here to see if it has arrived and take it with you as needed.

A cart is provided for your use but please return the cart for use by others. Deliveries are coming nearly every day so check back occasionally if your package has not yet arrived.
