

Aquaponics Water Quality Field Day

Interested in learning how to test water quality in your aquaponic system? This hands-on workshop will provide instruction on the different types of water quality monitoring equipment. Participants will have an opportunity to try the equipment on the functioning aquaponic system at Central State.

Speakers will include Dr. Kumar Nedunuri, Professor, Environmental Sciences, Central State University, and Matt Smith, Aquaculture Specialist, Ohio State University.

CESTA/1890 Land-Grant Programs at CSU
