

Pond Harvest & Winter Prep

Unless it is raining or snowing hard, Millcreek Perch Farm will be harvesting two ponds. We invite you to come and participate in this harvest to obtain hands-on experience, or just watch. Broodstock yellow perch and fathead minnows will be harvested and transferred to neighboring ponds. In addition to the harvest there will also be a tour, and we will talk about prepping pond operations for winter. Brehm's Perch Farm will be assisting with the harvest as well, so feel free to ask about Millcreek's intensive aeration or Brehm's split-pond systems. Bundle up, wear your boots, and come learn how one pond operation conducts business. Lunch is provided free of charge by Millcreek Perch Farm. Registration by 11/09/21 is required.

THURSDAY, 11/11/2021, 9 A.M. – 1:30 P.M.

Location: 10041 Harriott Rd., Marysville, OH 43040 **Cost:** Free Details: Register [HERE](#) by 11/09/21
